PRIZE WINNERS

ALMA MATER

## About the Orlin Prize

Each year, members of the Honors Core Faculty lead committees to select the best Thesis of the year in five categories: humanities, social sciences, natural sciences/engineering, professional programs, and creative projects. Recipients are awarded \$1,000. From among those prize-winning Theses, one is selected to receive the Orlin Prize for the “outstanding Thesis of the year.” This honor carries an additional \$2,000 award.

## About David Orlin

The Orlin Prize is made possible by a gift from Honors alumnus David Orlin. Mr. Orlin graduated from Syracuse University in 1947 with a BA in Political Science from the College of Arts and Sciences, and went on to pursue a successful law practice in New York City. He served as chief counsel and partner at Windels Marx Lane & Mittendorf, LLP, from 1954 until his passing in 2015. His areas of practice included corporate, securities, antitrust and trade regulation, and trademark law. Mr. Orlin’s wide-ranging career included advising foreign companies in connection with mergers, acquisitions and divestitures, and securities registration.

MARK

## ALMA MATER

Where the vale of Onondaga  
Meets the eastern sky,  
Proudly stands our Alma Mater  
On her hilltop high.

Flag we love! Orange! Float for aye-  
Old Syracuse, o'er thee,  
Loyal be thy sons and daughters  
To thy memory.

# About Renée Crown

Renée Schine Crown is one of Syracuse University's most esteemed alumnae. She graduated from Syracuse University with a B.A. in fine arts in 1950. Moving to Chicago shortly after graduation, she and her husband Lester Crown began lives of exemplary public service and civic engagement.

In the 1980s, Crown recognized the need for a student center at Syracuse and spearheaded the effort to establish the Schine Student Center.

The primary funding for the center came from her gift in honor of her parents, Hildegarde and J. Meyer Schine. She continued her work on behalf of the University, serving the Board of Trustees on its Executive Committee and University Relations Committee, and on the College of Arts and Sciences Board of Visitors. She played a major role in the University's "Campaign for Syracuse" and "Commitment to Learning" campaigns in the 80s and 90s.

For this work and for her continuing commitment to Syracuse University, she has received the College of Arts and Sciences Distinguished Alumnae Award, the George Arent's Pioneer Medal, and the Chancellor's Medal for Outstanding Achievement. In 1984, she received an honorary doctorate from Syracuse University.
