## ACADEMIC REGALIA

Academic regalia derive much of their style and symbolism from the gowns, cowls, and caps of the Medieval universities of Paris, Bologna, Oxford, and Cambridge. In 1895, most colleges and universities in the United States agreed to a common intercollegiate code: the bachelor's gown with long pointed sleeves, and the master's gown with long squared sleeves and a slit for the arm. Today, these codes are sometimes varied. However, the doctoral gown has remained basically the same, and is faced in velvet with three velvet bars on each sleeve.

In recent years, many institutions have designed doctoral gowns in the school's colors instead of the traditional black. The academic hood, a descendant of the medieval cowl, indicates the wearer's degree, degree-granting institution, and field of study: white for arts and letters, dark blue for philosophy, scarlet for theology, and golden yellow for science. The hood is lined in the color of the degree-granting institution; Syracuse University's colors are orange with a blue chevron. A poem popular in the 16th century says of the mortarboard: "Tis square like scholars and their books."

The David B. Falk College of Sport and Human Dynamics' tassel color is citron, symbolizing the significance of the relationships among individuals, families, communities, and society.

## ACKNOWLEDGEMENTS

Dean Jeremy Jordan wishes to express his sincere thanks and appreciation to all individuals who participated in making this program possible.
